

THE POCHE DAILY RECORD

SATURDAY, NOVEMBER 30, 1873

A. D. JONES, EDITOR

AGENCIES.

San Francisco—MYRON ANGEL, 432 Montgomery St.—Room No. 11, Sole Agent for Richmond Star District, Utah—J. A. SCHMIDT & CO. Hamilton—T. STARR, Russell's Bookstore. W. ST. GEDLING, News Dealer in Goodrich's saloon, is our Agent in Bullionville, and is authorized to receive subscriptions for the Record and receipt for the same. Virginia City—JAS. McDONALD. Eureka—F. LOEWY & CO.

DEATH OF MR. GREELEY.

We have the painful (though not unexpected) announcement of the death of Horace Greeley. In his death a great and good man has fallen. As a printer, we lament him, for he was a true friend to his craft. Journalism has lost one of its great lights. He died conscious and peacefully at 6:50 last evening. Few greater and no better man has lived in our country. Peace to his ashes and honor to his memory!

Mrs. Fair.—The assassin of A. P. Crittenden, although acquitted of crime by the jury which tried the case, is having no gay and festive time of it in San Francisco. She had the effrontery to advertise a lecture in that city, but the popular feeling against her was so great that she called upon the Chief of Police to provide her an escort from her rooms to the lecture hall, but the Chief could not promise to protect her from violence if she appeared upon the street. Acquitted of the murder of Crittenden, yet she stands before the public as one of the worst and most dangerous women ever on the Pacific Coast. Evidence is now being unearthed showing that she planned the assassination of Crittenden through the instrumentality of an accomplice long before she fired the fatal shot. She is also accused of attempting to bribe a waiter to poison Judge Dwyer and also Judge Campbell. Altogether Laura D. Fair is creating quite a sensation in San Francisco, and if she continues to thrust herself upon the notice of the people she has so greatly outraged and insulted to herself personally may follow.

TWO MORE UNFORTUNATES.—The Eureka Sentinel of the 26th records the death by suicide of two women on Sunday. The unfortunate creatures were women of the town—Lena de Shields, commonly known as "Dutch Kate," and Lizzie Green. The two seem to have had no joint purpose, and the suicide of the two on the same day is regarded as a remarkable coincidence. Lena was a native of Baltimore (where her father and sisters reside) and aged about 21 years. Mrs. Lizzie Green is described as a poor, half-demented creature, with insanity resulting from the use of intoxicating liquors. She was a native of Ulster, N. Y., and was about 25 years of age. She leaves relatives in New York who are said to be in good circumstances. She has lived at Gold Hill and also at Hamilton.

CONTESTED.—Geo. R. Maxwell contests the right of Geo. Q. Cannon to his seat as Delegate in Congress from Utah. The Governor certifies that Cannon received 20,969 of the 22,913 votes cast. The claim of Maxwell is based upon the ground that Cannon did not receive a majority of the legal votes; that the election was not a free expression of popular will; that every ticket put into the ballot box was numbered, so that voters might be held to an accountability for the way they voted; also that 15,000 women voted for Cannon, and that he (Cannon) was living or cohabiting with four wives. The allegations of the contestant are thirteen in number, and are severely denied by the claimant. This contest will make a stir in Congress.

THE Salt Lake Tribune learns that Wm. Gill Mills, Esq., well known to the entire Mormon community for his literary attainments and poetic talent, is preparing a lecture to be delivered during the winter in some hall in that city. The subject is, "Who and what was Melchizedek; and the nature and character of his Priesthood?" Mr. Mills claims no assistance from the Spirit World, revealing the principles which he enunciates; but his discovery and views are the result of arduous study and extensive research, and he believes will throw a flood of light on the subject that will astonish the theological world.

POSTAL.—Post-offices have been established at Camp McDermott, Humboldt county, F. P. Brougham, P. M.; and at Morey, Nye county, David S. Ogden, P. M. The changes of names are: Bronco, Washoe county, Nevada, to Bronco, Nevada county, California; Rye Valley, Humboldt county, Nevada, to Rye Patch.

PARSON BROWNLOW has written a characteristic letter to the N. Y. Times, declaring that in his opinion Grant will be re-elected again, and that he would rather see Grant chosen for life than to have a Democrat for President. Brownlow favors Horace Maynard for Speaker of the House.

Mrs. Sallie B. Scott has entered a protest against paying taxes on her property, being a citizen of the United States and yet denied the right of suffrage. This demonstration in favor of woman's rights is located in Oakland, Cal.

IMPORTANT RAILROAD PROJECT.

Our readers will be gratified to learn that the proper steps have been taken in the matter of the construction of a railroad from Palisade, on the Central Pacific, via Eureka, to Pioche. The construction of the road contemplated will vastly increase the facilities for travel between Pioche and the western part of the State. This will form the first link (and a most important one too) which is to connect Pioche by railroad with Palisade on the west and Salt Lake on the east. Gen. Page is President of the company, and other prominent gentlemen of Pioche are among the incorporators. The Eureka Sentinel contains these particulars:

We yesterday received a letter from Senator W. W. McCoy, giving the particulars of the organization of a company in San Francisco on the 15th inst., to build a narrow gauge railroad from Palisade via Eureka to Pioche. The incorporators are Gen. A. L. Page, W. H. Raymond, John Ely, B. F. Sides and General Connor, all of Pioche. Mr. Leon, of Belmont; John A. Patton, of Hamilton; W. W. McCoy, of Eureka; Col. A. C. Ellis, of Carson City, and Hill Beachy, of San Francisco. The capital stock of the company is fixed at \$6,000,000. Each member of the company is required to pay in immediately \$2,000 cash, for preliminary expenses. The officers are President, Gen. Page; Treasurer, Hill Beachy; Secretary, Burns, of Palisade. The company is organized under the provisions of the general railroad law of Nevada. The incorporators are all men of abundant means, which leads us to hope that we are to have at last something tangible in the matter of railroad connection with the Central at Palisade.

MEDICAL CHANGES.—Last week we met Dr. Lee of Carson and a physician located in Genoa, en route for San Francisco, each visiting the city for the purpose of purchasing stock for a drug store. Dr. Lee, after a visit East, will locate permanently at Pioche. From the large number of persons who have survived his treatment in Carson, we feel justified in recommending him as a safe man, to the citizens of Pioche. There is one thing he can't do, and that is, restore a man to his usual health and strength with pistol shots through his head, heart, liver and kidney. Depend on him in any other emergency. Dr. Lee will unpack his drugs in Genoa.—J. Reno Crescent.

Dr. Lee, it appears by a despatch from him to Dr. Bishop, may be expected here this evening—having received advice from the East rendering it unnecessary for him to take the trip at first contemplated. He was the physician employed by the State for two years, and stands well both in the community where best known and in the profession. He will enter into partnership with Dr. Bishop in the drug business and in the practice of medicine.

"NEAR POCHE."—You must always go from home to get local news. The following from the Sacramento Union, which locates the diamond fields "near Pioche" will provoke a smile from those who are interested in mines in this district:

A party of diamond hunters consisting of E. M. Fry, General Post, General Colton, Henry Janin and Clarence King, who have been on a visit to the diamond fields near Pioche, passed through the city yesterday, returning to San Francisco. They appeared to be perfectly satisfied with their trip, but declined to give any information. The same train also brought through C. R. Stanton, possessor of the mammoth ruby, found in Arizona, and which is reported to be of immense value.

MONEY.—The Carson Appeal gives the following statement of moneys paid into the State Treasury up to the 23d by the several counties herein named:

Storey	\$50,000
Lander	19,000
Washoe	16,000
Humboldt	20,000
Douglas	5,299
Total	\$101,299

In the matter of the application of J. E. Jones for a mandamus to compel the Commissioners of Washoe county to issue to him a certificate of election as Sheriff, Judge Harris granted the order prayed for.

Charles D. Coon has been convicted in San Francisco of grand larceny in Stealing check 7,056 for five shares of Savage Stock from Edward Cahill, his late employer.

According to the Register, Humboldt county has taxable property valued at \$2,200,000; population, 2,500; number of voters, 925.

A Bakersfield (Cal.) dispatch announces the death of Col. Thomas Baker, on the 24th, of pneumonia.

THE Eureka Sentinel has entered upon its fourth year. It is a sprightly sheet, and merits success.

MIXING ACCIDENT.—A cave of ore occurred in the Eureka Consolidated by which two men were injured, one of them quite seriously. The first unfortunate of the two had one shoulder broken, besides receiving severe injuries about the head. Indeed, it is asserted that his skull was so badly fractured that large pieces of the bone had to be removed. The name of this gentleman is Elliott; we were unable to learn his given name.

The other man is named Lynch. The latter was struck in the side with a piece of ore, and for a time was very badly stunned, though he soon got over it, and at last accounts was around as usual. Dr. Connolly, the physician in attendance, is of the opinion that Elliott will also recover, though his injuries are very serious. The accident was one of those unforeseen occurrences that could not well have been averted. No one seems blamable in the premises.—[Eureka Sentinel.]

Telegraphic Dispatches.

SPECIAL TO THE POCHE DAILY RECORD

PACIFIC COAST.

Salt Lake, Nov. 29.—Communication with all the mining districts open and easy.

But little snow in Cottonwood. Operations brisk and large quantities of ore coming in. "Saturn," Brigham Canyon, run out 160 tons of bullion in the last eight days.

Great indignation here about the diamond swindle. Some of our capitalists are badly bitten.

Thanksgiving was a most delightful event. All classes, Mormons and Gentiles, united in its observance.

Exceeding anxiety and sorrow in anticipation of the death of Horace Greeley.

San Francisco, Nov. 29.—Henry Sanchez, a negro, was killed by Mary Montgomery this afternoon. She stabbed him to the heart. She says he stabbed himself in a scuffle for a dagger. She was his mistress, and is under arrest.

The Parion Mining Company was incorporated to-day, to mine in Ely district, Nevada. Capital, \$3,200,000.

It is estimated that the losses by the Hayes Valley fire amount to \$130,000. Insurance, \$12,000.

EASTERN.

New York, Nov. 28.—The Tribune's bulletin says a dispatch, received from Tarrytown this morning, states that Mr. Greeley was no worse yesterday. He passed an easy night.

Chicago, Nov. 29.—The weather turned extremely cold last night, and to-day is the coldest of the winter. Accounts are received from various points along the Lake of marine disasters, with some loss of life.

Thanksgiving Day was observed generally.

New York specials say, information has been received at Washington that, owing to the disturbed state of France, the German Government has ordered an increase in the rates for emigrants from German ports, as a measure of self-protection. The German Minister at Washington is about to acquaint President Grant of the occasion of this German prohibition. He said, yesterday, war was possible between Germany and France.

Washington, Nov. 27.—It is certain that a quorum will be present in each House of Congress on Monday, when the President will communicate his message.

New York, Nov. 29.—Thanksgiving was generally observed. Business was suspended, the churches well attended, and theatres crowded in the evening. The poor of the city were generally remembered, and dinners were provided at charitable institutions. The newsboys and boot-blacks were given a Thanksgiving dinner.

Dispatches from the principal cities in the Eastern and Southern States represent that the day was generally observed; more so in some Southern cities than at any time since the close of the war.

The Tribune to-day will publish the following: Horace Greeley slept 8½ hours on Wednesday night, which gave him renewed strength. During Thursday he was more comfortable than on Wednesday, though very weak. At times he was unconscious. He receives, without difficulty, a sufficient amount of nourishment. At 7 o'clock last night he took beef tea, and soon afterwards went to sleep. Upon the whole, however, Greeley's condition is such as to excite the most serious apprehensions.

Chicago, 11:30 a. m., Nov. 29.—A private dispatch from New York says Greeley is dead.

Toledo, Nov. 29.—Weather very cold. Harbor closed by ice. Three propellers and several sail vessels are frozen in, near Turtle Island, Maumee Bay.

The London steamships Russia and Oceanic arrived out. The latter experienced heavy weather.

New York, Nov. 29.—Stay of proceedings was granted this morning in the matter of the order to take the testimony of S. L. M. Barlow, concerning Gould's arrest.

Syracuse, Nov. 29.—Last night the engine, baggage and two passenger cars on the Binghamton Railroad, ran off an embankment 15 feet high near Janesville. Engineer M. E. Hann was burned to death, and the fireman fatally scalded. The passenger cars were badly mashed, and one caught fire, but was extinguished. All the cars and the engine were totally wrecked. All the passengers were bruised, three or four seriously. All belong here, including Mr. and Mrs. Hoyt. An unknown woman and child were quite seriously wounded. Worn out track was the cause of the accident.

New York, Nov. 29.—It is said that the Mexican Border Commission demand that General Cortina be court-martialed, and that Mexicans be held responsible for damages; also, that the Texas frontier be protected by soldiers.

Washington, Nov. 29.—The German Minister denies the story telegraphed hence that his Government was taking measures for the prevention of emigration.

Gen. Horace Porter has been elected Vice President of the Pullman Palace Car Company.

Washington, Nov. 29.—Gen. Sherman's report shows the actual force of enlisted men in the army to be 29,336; Commis-

sioned officers, 2,104. He submits the reports of all officers commanding military department divisions, which he states are so full that they leave him only to submit them with his approval.

Cleveland, O., Nov. 29.—At 2 o'clock this morning the Cleveland Rolling Mills Co.'s spike and nut factory, foundry, pattern shop and office, located at Newberg, Ohio, were destroyed by fire. Loss \$100,000; insurance, \$60,000.

New York, Nov. 29.—At 3 o'clock this afternoon no further news has been received at the Western Associated Press offices concerning the condition of Mr. Greeley. Some of the evening papers publish extended sketches of his history.

New York, Nov. 29.—The Herald's Washington special confirms the trouble between France and Germany, reported yesterday.

New York, Nov. 29.—Greeley's death is expected momentarily, both by his relatives and physicians.

Milwaukee, Nov. 29.—Cummings's dualine manufactory, 3 or 4 miles north, exploded yesterday afternoon, killing 4 persons and wounding one.

New York, Nov. 29.—Horace Greeley died conscious and peacefully, at 6:50 this afternoon.

FOREIGN.

London, 5 p. m., Nov. 28.—The situation at Versailles is unchanged. The opinion gains ground that a compromise will be effected. The provinces overwhelmed Thiers with words of cheer and promises of support.

City of Mexico, Nov. 15.—Serious troubles are reported in Tehuantepec, where it is alleged that the Indians, unwilling to obey Lozada, were attacked by troops; and that General Placido Vega had killed Lozada; but the news needs confirmation.

President Lerdo will be inaugurated on the 1st of December. The Juarez Cabinet officers are said to have resigned, but the new Cabinet will not be appointed until after the inauguration. Rojo, the new President of Congress, is a Juarezist, and Seamacona, the new Vice President, is an adherent of General Porfirio Diaz, who is now on his way to the capital.

A Committee of Congress proposes to erect a monument to the memory of Juarez, and to give his widow and children pensions.

Versailles, Nov. 28.—In the Assembly, this afternoon, the debate on the report of the Committee on the Address was opened. M. Grey read a resolution which embodies the recommendations of the majority report. M. Dufaure, Minister of Justice, made a speech defending the President and counseling conciliation. The Ministers, he said, were already responsible, and had never sheltered themselves behind the President. He objected to the proposal to deprive the President of the right to speak in the Assembly, and compared the position of the President of the United States, who has the right to veto laws, and whose powers are so largely increased during vacations of Congress, with that of President Thiers. The Minister added, that while he deprecated the exclusion of the President from participation in the debates of the Assembly, the Government was willing to consent if compensatory privileges were granted; and concluded by submitting a resolution providing for the appointment of a Committee of 30, whose duty should be to draw up a law regulating public powers and prescribing the conditions of ministerial responsibility.

M. Batbie moved that the resolution proposed by the Minister of Justice be referred, throughout the debate, to the Committee on the Address, that Committee to be instructed to report within an hour. Motion adopted; and the sitting of the Assembly was suspended to allow the Committee to prepare the report, on which they are now at work.

Lonsceon, Ontario, Nov. 29.—The bark Sarah Ann Nash was driven ashore by a gale last night, in Weller's Bay. The total loss falls on Dodge & Co. She was bound from Oswego to Toronto. Hands saved; vessel insured.

Madrid, Nov. 29.—Great excitement was created by the announcement in the Epoca that France contemplated sending an army of observation on the Spanish frontier, and that troops are already arriving on the border. A statement, however, since, proved the announcement unfounded.

The King is fast recovering.

London, Nov. 29.—The Rev. Dr. Spurgeon is seriously ill.

A slight shock of earthquake was felt at Derby to-day.

Dublin, Nov. 29.—The police are showing signs of insubordination.

Madrid, Nov. 29.—A sharply contested battle was fought in Murria, between the troops and insurgents. The latter were routed with great loss. The insurgents were also beaten in Lenares and Arcade La Frontera.

London, Nov. 29.—Cyrus W. Field gave a banquet last evening, at Buckingham Palace Hotel, in celebration of the American Thanksgiving Day.

Vienna, Nov. 29.—An Imperial decree has been promulgated convoking the Reichsrath for the 12th of December.

The Presidential Electors for this State are to meet at Carson on Monday next to cast the vote for President and Vice President, and at the same time select a messenger to bear the returns to Washington City.

WORK SUSPENDED.—Work has been suspended in the mines of the Richmond Company on Ruby Hill. As is well known, a great lawsuit is pending between that company and the Eureka Consolidated. The cause of the suspension is attributed to said suit. Judge McKenney has granted an injunction against the Richmond, and set the trial of the motion for the first week in January. This will, we presume, keep the mine idle until that time. These two companies will wage a giant war, and no doubt the expenses of the pending suit will amount to at least a quarter of a million of dollars. Both mean business, and from all appearances the suit is to be one of the heaviest ever determined in the eastern part of the State. Several millions of dollars are involved in the result. At the writing it is impossible to foretell the effect this suit between the two leading companies of the district will have on the general business of this section. We hope, however, that matters will soon resume their wonted channel.—[Eureka Sentinel.]

SPIRITUAL MARRIAGE.—A week ago to-day, in the Endowment House, a spiritual marriage ceremony was performed by the "proper authorities." The parties were a handsome (?) young Danish woman, about 65 years of age, and an old (?) decrepit Danish man of 32 summers. The man is a resident of the 20th Ward; the woman lives in a lumber cabin in the 13th Ward. The landlady, on being interrogated as to their relationship in this life, says: "He gum'da ze me eldre da, but he no sleeps mit me; he sleep mit him in der resurrection; den him mines, not now." It was interesting to see the two lovers yesterday counting the young (?) girl's chickens at her residence, the spiritual husband seemed so very much interested in his future wife's present prosperity. The man is a fine grown blooming fellow, as clean and as sleek as though he was just unpacked at an outfitter's, while the woman is both ragged and dirty; and the only reason why she could not be stuck against a wall is, that she is too greasy.—[Salt Lake Tribune, 25th.]

There must be some naughty hoodlums in Winnemucca. The Register says: The individual who throw a black cat in at the window of the Register office while the editor was asleep, will get a head put on him if he is not careful. Beware; a word to the wise is sufficient.

CONGRESS will meet on Monday, and the President's message will be handed in that day.

New Advertisements.

S. D. POTTER'S SALOON, Next Door to O'Neil's Meat Market, Meadow Valley Street, Pioche.

Choice Wines, Liquors and Cigars Will be constantly kept. Open day and night. S. D. POTTER, Prop'r.
